

# CITY OF TOOL

## POLICY ON CULVERT PURCHASE & INSTALLATION

Upon the request and purchase of the required size culvert (Ordinance # 74, 12"X20') from the city, a Work Order will be turned into the City Maintenance Department to schedule your installation. (The request must be done by the Property Owner only and be needed for drainage purposes on noted property within the City of Tool)

At time of installation the Maintenance Dept. will dig where culvert is to be installed, place culvert, pack with dirt and then finish by overlaying this area only with rock.

**12" X 20'**

**The cost of this is \$400.00, due at time of request.**  
(Cost subject to change due to material increase)

**15" X 20'**

**The cost of this is \$450.00, due at time of request.**  
(Costs subject to change due to material increase)

**18" X 20'**

**The cost of this is \$500.00, due at the time of request.**  
(Costs subject to change due to material increase)

**\*\*If a request is made to purchase a larger size culvert, the Maintenance Dept. will need to be notified in order to determine the accurate amount on culvert and material cost.\*\***

Passed and approved this 21<sup>st</sup> day of August, 2008.
